

Thornley Community Space

Who are we?

A group of residents who want to see Thornley School renovated to its former glory and used as a community space for the benefit of the whole parish.

FASHION SHOW AT FERRARI'S COUNTRY HOUSE Thursday 18th July 2013 at 7.00pm

We would like to involve several local businesses incorporating fashion, accessories, health and beauty, home furnishings etc.

Stalls

Our intention is to have stalls where you can display your products. We can provide tables and chairs or you can fill your space with your own display stands or racks. Each 6ft space will be £20 for the evening. There will be ample time for you to set up your stall prior to the start time.

Fashion walk

For those that wish to partake in the catwalk-style section of the show, models will be free to walk around the guests who will be seated at round tables for this part of the evening. You can provide your own models or we can organise this for you.

There will be a hot buffet and drinks available for all guests so there will be plenty of opportunity for them to spend time at your stall.

We would like to suggest that stall-holders donate us something from their shop that we can raffle on the evening. We will mention all businesses on our Facebook and internet websites.

Based on our successful Hot Pot Supper evening, we are expecting 150 locals at this event - and tickets are already selling fast!

If you are interested, then please contact us soon!
